ing you right

SUNALTA

Sale Opens Wednesday, Nov. 1st

Make Your Selection at Once. Don't Wait.

WHEN we offered you lots in Norwood for \$150.00 each, many of you laughed and said it was no good. Some of these same lots today are worth, and are selling for, \$4,000.00 each. You have the exact same, if not better, chances for an investment in our new sub-division **Sunalta**, which has many natural advantages over any other property within the new city limits. One very great one is its altitude, since it is the highest ground in the city of Edmonton. Only two months ago a local real estate firm bought property in the vicinity of **Sunalta** and sold it last week at a profit of 33 1-3 per cent. Again let us warn you, "Profit by the ways of successful men." Don't stand idly by gazing at the top. Begin today. Invest in **Sunalta** lots and you'll be glad.

BYE-ELECTIONS ARE BEING HELD TODAY

STRENUOUS CAMPAIGN HAS CLOSED AND VERDICT NOW RESTS WITH VOTERS OF RIDINGS.

In southern Alberta four elections for the return of members to the provincial house are in progress today, and an electoral campaign which, in spite of its local character, has undoubtedly been the most hard fought in the history of provincial politics is brought to a close.

Realizing the supreme importance of the outcome to the future of the present liberal government, every member of the cabinet has taken an active part in the campaign. For over a couple of weeks Premier Sifton, Hon. C. H. Mitchell, Hon. Duncan Marshall and Hon. Arch McLean, have been in the south, organizing and speaking in behalf of the liberal candidates. R. B. Bennett, K.C.M.P., and the whole strength of the conservative party in the province have been concentrated in an attempt to wrest the seats from the government. All have in the past been liberal seats.

Lethbridge, Pincher Creek, Calgary and Glenora are the constituencies in which elections are taking place today. In Lethbridge the liberal standard bearer is S. Sheppard, and the conservative candidate, John P. Ross, is the liberal and John Kemp is the conservative candidate, while in Calgary, T. J. Skinner and F. M. Tweedie represent the liberal and conservative interests, respectively. John McArthur, a brother of the late member for Glenora, is running for the seat as a liberal and Harold Riley, brother of the insurgent liberal, E. H. Riley, is contesting the seat as a conservative.

CITY HALL NOTES

Just what constitutes the frailties of the nurses home at the Isolation hospital was set forth in a report to the city commissioners this morning by Barnes and Gibbs, appointed to make inspection and report. The report says the home is nearing completion. In the basement the cement has not set properly although it has been down three weeks. The cause of this is attributed to there not being a sufficient proportion of Portland cement as called for in the specifications. The foundations and wall footings are pronounced good and sufficient but the brick walls uneven, dirty and showing evidence of either careless or incompetent workmen. Complaints regarding the grade on the outside is said to be not done. Brick veneering is declared unsatisfactory, although the walls are smooth. Flashings around chimneys are said to be misplaced. The plumbing is reported to be as good as the average job.

Due to the moving of the commissioners' offices from the first to the top floor the session of the board was held this morning under somewhat adverse circumstances. Several petitions for water connections and sidewalks were considered and referred to the proper departments.

Bids for supplying hardware for the Children's Shelter were opened and found to be as follows: Ross Bros., \$259.52; Crown Hardware company, \$237.80. The tenders were referred to the architect and Commissioner Gault with power to act.

PERMITS FOR BUILDING SHOW BIG INCREASE

Over Corresponding Period in Previous Years—219 Permits Issued During Past Month

Although the approach of winter is limiting building operations in all parts of Canada, nevertheless E. Edmonton operations are going apace and the month of October, 1911 goes down in history with a record of permits issued for construction amounting to \$381,350. Buildings started this month have largely increased. The month of October, 1910 represented an expenditure of \$83,555. During that month there were issued 71 permits. October last year saw work started to cost \$146,874 and there were 119 permits issued. This year the amount of the work started amounts to \$381,350 and the permits number 219. The increase has been practically 100 percent.

Y.W.C.A. COOKING CLASS.

The Y.W.C.A. cooking class will meet this week on Thursday, November 2, at 8 o'clock. The subject for the evening will be "Hot Supper Dishes," and the following tempting bill of fare is provided: Potato puff, shrimps, a la Newbury, macaroni and cheese, almond onion with caramel sauce.

Many ladies are availing themselves of this valuable course of lectures.

Barth and Bissell offered to sell to the city 2.8 acres of ground comprising a strip along the city park which they claim the municipality has fenced in and made a part of the city pleasure ground through a mistake of surveyors. The reality now becomes offered to give to the city a quick on their property if the city would permit streets where the lanes are now laid out. No action was taken with the proposal today.

A communication from Superintendent Knight of the street railway department about the services of Canadian Inspection and Testing company in inspecting the new electric cars recently built at Toronto, stated that the inspecting could have been improved upon, that the inspectors had offered to hustle along the work at all. Moreover only a weekly inspection was given when a daily inspection might have been afforded.

A report from the inspector supervising the construction of Fire Hall No. 4, states that it will take some six weeks to finish the job, although the time limit of the contractor expires today. There has been expenditure at the present time the sum of \$8,150 on this hall and it will take \$12,150 to finish the job according to estimate. The inspector stated that Ross Bros. Ltd., having the contract for the heating and plumbing, are at this time delaying the work.

While working on the roof of the Catholic Monastery at North Edmonton this morning, Thomas Smith slipped and fell to the ground. He was picked up in an unconscious state and taken to the General Hospital, where he was found to be suffering from severe internal injuries.

While working on a house moving job on Thirtieth street this morning, H. M. Bunlin was injured by the house falling on him. The emergency ambulance from No. 2 Fire Hall was summoned and conveyed the injured man to his home on Fraser avenue. His injuries are not very serious.

"NOTHING TO SAY" SAYS MAGISTRATE

INSPECTOR WORSLEY POINTS OUT THAT R.N.W.M.P. HAVE NOTHING TO DO WITH LIQUOR TRAFFIC.

Speaking at the Presbyterian church on Sunday night, the Methodist criticized Magistrate Cowan on his attitude toward the liquor question and stated that he should be requested to declare himself.

Interviewed this morning by a Canadian reporter, Magistrate Cowan said: "I have absolutely nothing to say on the matter."

At the same service on Sunday evening to the liquor traffic stated that "the Mounted Police were corrupt, corrupt in this one respect at any rate." Commenting on this statement this morning Inspector Worsley said: "We have not had anything to do with the liquor business for five years since the autonomy. This matter is looked after by the provincial government who have their own detectives."

INVITED TO BANQUET

Secretary Fisher of the board of trade is invited to a banquet on Thursday evening in the Waldorf Astoria hotel, New York, to celebrate the opening of the American Land and Irrigation exposition in that city, at which the Central Alberta Development league will have an elaborate exhibit in charge of J. J. Macdonald. Mr. Fisher, this morning from Arthur E. Stillwell, president of the association in charge of the exposition. Owing to press of other duties he will not attend.

MILK SHORTAGE STILL CONTINUES

SCARCITY IS REPORTED IN ALL COUNTRIES—DRIY SEASON AND NO FEED THE CAUSE.

There is no abatement in the milk shortage that is confronting the city of Edmonton and there is no prospect of the situation becoming ameliorated. However in this Edmonton is said to be in line with the entire country. The milk shortage is largely general, not only in this country but in England and Europe. A dry season ending down the supply of feed causes the shortage in the mother country and on the continent. In Western Canada cities are growing faster than cows, and the dairy farms are unable to keep pace with the demand. Although there has been no shortage of feed this year the milk customers with half rations and in some instances every other day. The milk man is the most independent person in the city today.

Trade papers say that there is a milk shortage of 30,000 gallons daily at Paris, while at London the total four-pence milk is selling for ten pence and is expected to go as high as twelve pence. The milk shortage of some weeks ago has been forgotten about now, nature relieving that situation by dropping the mercury to a position that all persons might rest with ease.

Milwaukee would like to have the democratic national convention next year met in its Auditorium, which is one of the largest convention halls in the country.

PORTRAYS WONDERS OF THE GOLDEN STATE

Interesting, Illustrated Lecture on "California" Delivered in First Baptist Church.

A very interesting lecture on "California," a Land of Sunshine and Flowers, was delivered in the First Baptist church last evening by John P. Ghum, who described the wonders of scenery to be found along the route to California by way of King's Gate to Spokane, then down the Columbia river to Portland and thence through the Golden state. The lecture was beautifully illustrated with colored lantern slides showing views of the mountains, the river, valleys and the fruit orchards. Moving picture films also were shown. Mr. Ghum has traveled extensively and he expressed the opinion last evening that a trip through California is one of the most enjoyable journeys a person can take. This evening and tomorrow evening, Mr. Ghum will give illustrated lectures in the Metropolitan Methodist church, Strathcona. His subject this evening will be the same as that of last evening. He will speak on the wonders of the Yosemite valley. No charge, expenses being defrayed by a voluntary collection.

SAYS MINISTER IS CERTAINLY IN ERROR

Deputy Chief of Police Knows of No Gambling Den on Jasper Avenue.

Interviewed by a Capital reporter this morning concerning a statement made by Rev. Robert Jefferson at the Robertson Presbyterian church on Sunday to the effect that Edmonton is one of the worst cities in Canada and that Jasper avenue is infested with gambling joints, Acting chief Brady stated this morning that he thought the reverend gentleman was somewhat mistaken, for the police know of no contravention of the gambling laws on Jasper avenue. "If a number of men get together and gamble or if they play in a room in a hotel or any other building, the law cannot touch them unless a 'rake off' is taken," said the acting chief. "Further if Edmonton is one of the worst cities in the world, then other cities must be of an ultra good character."

UNKNOWN MAN DEAD.

A man was found dead underneath an overturned wagon at Dunsmuir, some distance north from Edmonton, this morning. Nothing is known as to the identity or as to the cause of his death, but the police are investigating the incident.

BRINGS BLOODHOUNDS FROM ACROSS LINE

One of the Dogs Which Traced Down Outlaw Tracy Is Now in the City.

Bringing with him two valuable blood hounds that have assisted in tracking down most criminals in British Columbia and the coast states, W. H. Connor, proprietor of the Imperial hotel, returned to the city from the San Francisco coast recently. The names of the animals are Sam and Brady the Second. Brady the Second is only two years old. She is the daughter of the blood hound that stood guard over the body of Tracy when the posse got up to it. Brady was poisoned in Seattle a short time ago and Sam was made slightly ill through eating some of the meat that killed her, but he recovered. Mr. Connor brought the animals direct from Oregon, where they located a man suspected of the murder of his wife and daughter near Portland. The dog, Sam, located the ax with which the deed was done, six miles from the scene of the tragedy.

TOO LATE FOR CLASSIFICATION.

FOR SALE—6-ACRE PLOT, ALBERTA PARK, on Alberta avenue, \$2,100; \$400 cash, balance 6, 12, and 18 months. This is a snap. Apply Box 274, A Capital.

SASKATOON TO TAKE EDMONTON COAL

LARGE NUMBER OF ORDERS HAVE BEEN PLACED HERE BY DEALERS IN SASKATCHEWAN.

Saskatoon and the district tributary to that city will receive far more Edmonton coal this winter than ever before in its history according to a report received by Secretary John P. Ghum of the Edmonton board of trade from F. S. Ghum Selanders, based of trade commissioner for Saskatoon. While the Crows Nest coal strike was in progress, the board of trade was quite concerned as to their coal supply for the winter months and the situation was investigated thoroughly by the board of trade to ascertain what would be better to ship in coal from Edmonton or from the American coast by way of Winnipeg. The result was that a very large number of orders have been placed with Edmonton coal dealers, and the local mines will be able to supply for all these orders in a quick market. The board of trade supplied the capacity of the mines of the Edmonton district is present developed will not be sufficient to fill them all.
